I hope every Noble and his family have been enjoying the summer and all the activities that summer brings. This has been a very unusual year for all of us at Kerbela. Covid has changed all of our lives and forced us to do things that we would have never thought about doing prior to Covid. We are very fortunate at Kerbela in the fact that we are strong enough to weather the bad times. With the untimely death of our recorder, Illustrious Sir Billy Pavlis has stepped up and agreed to serve as our recorder until the election in December. Our office staff Juanita and Cheryl have made this transition much easier than it may have been without their knowledge and expertise. They have continued to take care of Kerbela as they have done in the past. I am forever grateful to these ladies as well as Illustrious Sir Billy.

We are planning on having an outdoor tailgate party at the Temple on Saturday, September 26th. I encourage each Unit to bring your canopy, grill and whatever else you may need to make the party a success. This can be a very fun event and give the nobles a chance to participate in some activity at the temple.

We are still planning on having the Van Drivers Dinner on October 3rd and our Spaghetti Dinner on October 24th. If any Noble does not feel comfortable coming to the Temple for either of these dinners, we will have boxes to go and will be happy to bring them to you at your car.

We will not be having the children’s Halloween party this year. We will be having a Steak Cook-off at the Temple. Please see the flyer in this edition of Kerbela KNews and make plans on cooking your best steak.

As I close I want to say thank you to all the Nobles and Ladies who continue to support Kerbela in all of their endeavors regardless of how big or small they may be. Thank you, nobles who stepped up and donated money to our building fund to help us replenish the funds used for major unforeseen maintenance issues with our building which were very costly. We are still taking donations for this fund. If you have not donated, please do so to the best of your ability.

Recorder’s Corner

In Memory of a great man who was well respected – C. Wayne Burkett, PP

2020 has been a difficult year for all of us. We never imagined that we would be without the support and laughter of Wayne Burkett in the office this year. The beginning of February started a great battle for Wayne, and we prayed and planned he would be back in the office with us soon. God had another plan. We have worked to try to keep the office running as Wayne would want.

Potentate Jeff White and Past Potentate Bill Pavlis filled in the gaps when they needed to, but Wayne continued to be available throughout his treatment, even when he was feeling his worst. Thank you, Jeff and Bill, for helping us through this. We couldn’t do it without you guys.

From Juanita: I saw Wayne and his family grow up here. He had a personality that was caring and considerate. When he became Recorder, he stepped in and it never seemed to be a struggle for him. It was like he knew what he needed to do and what needed to be done. His knowledge and understanding were great. The last five years, working with Wayne, were a pleasure. I miss him and always will.

From Cheryl: Three and a half years ago, Wayne hired me to work in the Recorder’s office. I knew absolutely nothing about the Shrine (other than they wore those funny little hats and collected money to help children). The first time I met Wayne, we hit it off. Over the last three years, our friendship grew, and I saw what a great, caring, and self-less man he was. I have had two very significant losses in the three years I’ve been working at Kerbela, and Wayne was very supportive to me during those times. I will always remember him fondly. Through him I met Sheri and Madison. What beautiful ladies they are, inside and out. I’m honored to call them friends. I miss Wayne and our “argumentative” banter. I am so grateful for Juanita and her knowledge. She has kept things “normal” as much as possible through this time.

We wish to thank all the members for their support, caring, and understanding during this time. Thank you for your calls, checking on us and asking if we needed anything. Also, all the calls asking about Wayne. They were all appreciated.

Prayers and love to Sheri and Madison as they process their loss and look at their future without their husband and father.

Corvette Unit
This year has definitely been a strange one for sure. Well you know the old saying never take anything for granted, a vast majority thought we were on the backside of the coronavirus pandemic but obviously that was not the case. As the number of cases continue to rise please remember all that are affected by the virus.

However, on a brighter note The Corvettes were able to parade at least twice on July 4th first in Lenoir City where our Patient Ambassador Mr. Elliott and his mother were in attendance. Then the trek was made to the “metropolis” of Huntsville for their parade, both of the parades were very successful.

Some of the major events here at Kerbela have been either postponed again or have had to be cancelled all together. The Potentate’s Ball which was scheduled for Saturday September 26th has been cancelled for the safety of all our members and guests. The Circus has also been affected; it has been rescheduled for April 30th - May 2nd 2021. The deadline for circus ads has also been extended. The annual Halloween Party and trip to Myrtle Beach, SC for SASA has also been scrapped for this year.

However, sadly this year we have lost one of the major pillars of Kerbela Illustrious Sir Wayne Burkett, went to the celestial lodge above on July 4th. Wayne’s loveable personality and amazing sense of humor will be greatly missed. Please continue to pray for the family.

God Bless You All,

Kerbela Motorcycle Unit

It’s the Fossil coming at you from the top of his little hill up in God’s Country where things are really warm but quiet and peaceful. Now, if you are planning on visiting the Fossil, there is a bucket of water (if the dogs haven’t drunk it all up) and a bar of soap at the bottom of hill where you can wash your hands. And if you don’t have a mask, don’t worry, there’s one hanging on the fence post.

The Unit, like almost everything else this summer at Kerbela, has slowed down to less than a crawl. And right now, the fall doesn’t look like it’s going to be much better. But we are burning up our Messenger Page trying to stay in contact with each other.

Ill. Sir Danny Moore, I did dust my bike off the other day. No cobwebs. A BIG Thank you goes out to the hard-working Kerbela Office Staff, Juanita and Cheryl, for keeping the doors open and Kerbela running. You two Ladies have done a fantastic job through some very trying times. Again, Thank You!

The Unit is glad to see member Jim Hickey and his wife, Linda, recovering from the coronavirus. They both have been two very sick puppies but are beginning to feel like big dogs again. Jim said for everyone to be careful out there. The virus is some mean stuff and no one wants it.

The Unit would like to request prayers for Lady Lou, the First Lady of Past Potentate Ray Skiles (2004). Lou had to have a serious operation but is at home trying to behave.

We also need to keep Linda Hickey in our prayers. She lost two of her sisters last week. Our prayers are with you and your family, Linda.

The Unit sends their condolences and prayers to families of Past Potentates, Bennett W. Adkins (1997) and C. Wayne Burkett (2003). May the Supreme Architect of the Universe hold their families in the palms of his hands.

Both of these Nobles gave not only of themselves but many hours for the betterment of Shrinedom and served Kerbela with distinction. Their dedication to the Shrine and to Kerbela will truly be missed. Godspeed, my friends.

Again a few photographs as a reminder of times gone by and what we are looking forward to.

Tramps, until the next time, Ride Safe, Ride Proud.
And take care of each other.

We Can Light Up Your Life!
Greetings Nobles and Ladies,

First of all, we regret that we have lost our Recorder and friend, Illustrious Sir C. Wayne Burkett. We are so sorry for his family and friends during this time of loss. Secondly, we regret that we must also cancel the Knoxville Shrine Club Annual Children’s Christmas party. Our attendees are largely current, and former Shrine patients and their families, and their health and safety is our number one priority. We will plan for a wonderful party in 2021 after this pandemic is hopefully in our rear-view. Additionally, Knoxville Shrine Club and the Kerbela Roadrunners will postpone our meetings until further notice. We will resume as soon as we feel that we can safely do so.

Lastly, I wanted to share a note about the Roadrunners. I had the privilege of being initiated into Kerbela Shrine during Fun Fest of 2005. Shortly thereafter, I was invited by Noble Frank Moore to accompany him in transporting a patient to Lexington hospital. I almost wish this was a requirement for new Shriners, because, for me, it solidified my support and love for our fraternity and charity. I was blown away by the facilities, staff, cleanliness, and care afforded our children. It was like a scene from a movie as we witnessed a wheelchair race of two patients down the wide, polished hallway. Noble Frank always refers to patients as “God’s children,” and I can’t think of a more appropriate designation. They are God’s children, and we are charged as men and Masons to offer our support to give them a better life, which our hospitals truly accomplish.

We are all busy. We all wear many hats and belong to multiple organizations. In my opinion, there is no more important organization in our Temple than the Kerbela Roadrunners unit who transport our children to our hospitals. We are now few in number and becoming fewer each day. I, like many of you, work full-time, have children of my own, go to church, lodge, etc., but when I can take a trip to the hospitals, I certainly will do so. If you could just make one or two trips a year, you would be enormously appreciated and valued as a member of our unit. Please consider joining the Kerbela Roadrunners transportation unit and Knoxville Shrine Club when our meetings resume. You will be welcomed warmly, and I promise that it will change your life, and perhaps, maybe even the life of one of God’s children.

Thank you for reading.

Be well and be safe.

UPDATED 01/11/2019
From the Chaplain

Many of us may recall that first day of school when the teacher said, “Take out your pencil and paper and write an essay on “What I did this summer””. Consider now the imaginative writing that will take place this year. Got up, got dressed, ate Pop tart, watched tv, ate lunch played my game boy, ate super, watched tv went to bed. Now since it is supposed to be 500 words we write these 25 times which will actually add up to 520. Assignment complete.

From pop tarts to bed; from telling us over and over how to wash our hands; to carrying a double yard stick to know how far to stand; and the daily increase in numbers can begin to vanquish hope and at times instill fear.

In his Easter Message Pope Francis spoke of contagion of fear: contagion: the communication of disease from one person to another by close contact. Fear and hopelessness can spread like even the most contagious disease; one to another.

He admonished his listeners to develop a contagion of HOPE, spreading hope one to another. This brings to mind a verse from Psalms: “My hope is in the Lord who made heaven and earth”. The Supreme Architect of the Universe did not create and abandon, even though at times like this we may think so.

At times like this we need to especially maintain our spiritual lives. My grandma used to say, “If you don’t feel close to God, guess who moved?” let us continue to rely on providence.

Cabiri

As I write this I am reflecting on how fast the year has passed us by. It seems like a few days ago we were cold and looking forward to warm weather. The birds show up, have little ones, and by now are getting ready to fly south for the winter. Have you ever considered what birds do during the winter? Do you think they go where it’s warm, relax, and vacation on the beach? NO, they go there and have more birds. Some, more than one brood. Their work is never done.

Most everyone has noted how the number of Shriners is getting smaller. Think back to the time when you first became a Shriner. A friend invited you, and you came for the fun and fellowship the Shrine offered. You were so invigorated and wanted to tell everyone about the great fun you and your friends were having, helping children who desperately needed the help.

We should take lessons from birds. Once we have helped a new Noble and his Lady come into the fold, while continuing to nurture them, we should and must go out and find another. The prospects are in the Blue Lodges. We must attend and help show them what Shriners has to offer. Our work is never done.

As I conclude writing this, I note the bird feeder is almost empty, so I must refill it. Our new candidates, like the birds, need our attention. Our work is never done.

Bennett Wade Adkins, Sr.

Bennett Wade Adkins, Sr. (May 8, 1941 – June 11, 2020)
– Soulmate, lover, father, papaw, brother, entrepreneur, fellow Master Mason, Shriner, and friend to many.

Affectionately known as Bennett Wade, he was one of nine children born in Elkhorn City, KY. Not wanting to follow in the footsteps of coal mining of his ancestors, Bennett left Elkhorn City to pursue his life and what a legacy he has left for all. Life was tough for the young man, but he persevered and soon became a machinist and later became a tool and die maker in the automotive industry.

Bennett Wade Adkins, Sr. never met a stranger and felt all people were created equal. He was quick to help a Veteran, Fellow Mason, and Shriner as well as just the ordinary person on the street. He always saw the best in all and was often known as the peacemaker among his peers. His wife, Judy, was his best friend and soulmate. Married for 42 years, they perfected the words marriage and family.

The legacy of Bennett Wade Adkins, Sr. could not be told better than through the eyes of his son as written below:

Starting a family at a young age in such a tough time was common and many followed the same path to make a better life but, in those days, dreams were in everyone’s head and many were crushed. My dad kept pushing forward starting in Chicago, preceding to Michigan, then Ohio, Kentucky, and Tennessee. He gained the knowledge he needed to become one of the best technical progressive die troubleshooters in the world. He spent time in Germany training and instilling his skill with a different culture and growing the die repair leg of the Tool and die Industry. With the skill set that he had in the automotive industry, we were always moving to wherever he was needed, and it all paid off in the late 70’s.

With the help of his loving wife and soulmate, Judy, my mother, they started a successful business and grew that business into a thriving company that was profitable until his retirement in the late 90’s. They employed a multitude of people including family and friends. My dad always had a huge desire to help anyone who was in need, worthy or not, it didn’t matter to him, he tried to help. I watched and learned everything I could in every aspect of his teachings and hope that the man I’ve become honors his name and legacy.

Masonry became his philanthropy as he pursued and accomplished the honor of 32nd Degree Mason, being the first person raised to Master Mason at Brazelton Lodge in Dandridge, TN. Then he became a Shriner and member of Kerbela. His helping mentality bloomed into a powerful fuel in his life. He spent time in the motorcycle drill team and eventually went up the chairs of the Divan and became Potentate of Kerbela Temple in 1997. He was extremely hard working in a plethora of other titles and duties, including Paper Sale Chairman. He was involved in several other organizations and groups, and always gave his all. Being an all-around entrepreneur, he always had his hands full. He kept trudging forward in everything he did, becoming an accomplished businessman, a devoted husband, father, mentor but most of all, my HERO. This world is a better place because of him and will be a lessor place because he is gone.

Daddy, you will always be in our hearts and minds. We will continue to look for your guidance. Look down on us, love us, and scold us as needed. We love and miss you!

Order of Quetzalcoatl

Greetings Artisans, Nobles, and Ladies,

Firstly, I hope you and your loved ones are safe and well. This year has been an unusual one, and there have been several in our own Shrine community affected as well. We also want to extend our sadness and support to the family of our Recorder and Past Potentate, Illustrious Sir C. Wayne Burkett.

Secondly, thank you to the divan for accommodating us as our usual meeting location closed due to COVID, and we are now meeting at Kerbela temple. We encourage all Nobles, units, and clubs, ladies’ organizations and appendant bodies to return to our temple and support our divan and our mission after what has been an unprecedented delay in our having fun and helping kids. They will need our support and encouragement to get Kerbela temple back to business.

Our organization, the Order of Quetzalcoatl, has a charity called the “Q Foundation for Kids. (q4kids.org)” This charity provides transportation funds for Shriners Hospitals for Children. As our website explains, “Today the Q Foundation for Kids® helps children who are patients at Shriners Hospitals for Children from around the world. This unique organization primarily provides transportation to and from the Shriners hospitals and clinics but also helps in other ways. The Q Foundation prides itself on helping children and their families with temporary housing as well as meal and sundry expenses. International travel for patients is also considered through the Q Foundation. These are important needs of children when they are facing some of their most difficult times.”

Recently, we were pleased to participate in the funding for the Air Ambulance transportation for an 8-year-old Panamanian boy to the Shriners Hospital in Galveston. Prayers needed for this child with 2nd degree burns over 60% of his body. The attached picture to this article is members (Abou Saad-Panama) praying over the airplane, which is about to transport this child of God for much-needed help at the Galveston hospital.

The picture is credited to our Foundation’s Chairmen, and Past Imperial Potentate, Illustrious Sir Gary Bergenske.

Brethren and ladies, this is what we are all about. Let us keep supporting our Temple and its stomachs and our sacred charity as we are truly caretakers of our most valuable and precious resource: our future.

God bless and Olé!

ARCH DEGREE PRODUCTION
Saturday October 3, 2020 • 5:30 pm
THE ARCH DEGREE

The Arch Production is a performance the candidate and his Lady, visitors, non-Masons, and Masons will cherish forever. The program allows everyone to experience an impressive and everlasting positive image of the Shrine and Shriners Hospitals.

The production orchestrates Masonic family, Scottish Rite, York Rite, youth organizations and Shrine principals, features and values into a forty-five minute educational and entertaining production. Modern day language and interpretations are used.

The program is open to invited guests (yes, you invite your guest). Those in attendance will acknowledge the Shrine as a premier international organization. The Arch Production will enhance Shrine image and recruitment opportunities.

Area of concentration the construction of our new second unique 12 1/2 foot tall arch, stone by stone, while ritual cast in ancient attire narrates the script support by music, lighting and special effects. The main attraction will feature our Poster Child who has been treated at one of our 22 Shrine Hospitals for Children.

All Masons and Nobles Welcome!

Frankie’s Story
Finding the positive in a difficult time

Monday, August 10, 2020

The world today is different because of the COVID-19 pandemic; very little is untouched by the ripple effect of the virus. Beyond the devastating impact on those stricken and their caretakers, COVID-19 has made nearly every aspect of life more difficult. It seems almost impossible that something positive could come from such global negativity. Sometimes though, finding “the good” simply requires a shift in one’s point of view. The caring staff at Shriners Hospitals for Children — Cincinnati found it with a boy named Francis.

“Frankie,” as he is known by the staff, is from Nigeria. He was born with a severe cleft palate, affecting his ability to speak, eat and even breathe. Frankie came to the attention of Save a Child International, a nonprofit organization founded by a group of Nigerian doctors in Atlanta, Georgia. The group’s goal is to enable some of Africa’s poor children to gain access to quality health care in the United States. One of the doctors attended a seminar presented by Debbie Harrell, MSN, RN, NE-BC, director of professional relations at the Cincinnati Shriners Hospital, where he learned of the hospital staff's exceptional skill in the treatment of cleft lip and palate, and its mission of caring for children regardless of a family’s ability to pay. In the fall of 2019, his organization arranged for Frankie and his father to travel to Cincinnati.

During their stay, the two lived in one of the hospital’s “family care units,” the motel-like rooms within the hospital. Frankie became the patient of Christopher Gordon, M.D., FACS, FAAP, a board-certified plastic surgeon who specializes in craniofacial disorders such as cleft lip and palate. “Frankie’s cleft palate was one of the most severe I have ever seen,” Dr. Gordon said.

Plans were for the father and son to remain at the hospital for six months, the longest a travel visa would permit. Everyone wanted to make sure Frankie could benefit from as much care as possible before returning to Nigeria. During that period, Frankie had three successful surgeries to repair his palate. Now it was time to go home.

Unfortunately, at the same time, COVID-19 was rapidly spreading across the globe. International travel came to a screeching halt, and Frankie and his father had to stay in the U.S. Luckily, they were at the Cincinnati Shriners Hospital, so there was never a worry about where to stay or how to survive during this period of uncertainty. Frankie and his father could remain guests of the hospital until the travel ban lifted.

The unexpected upshot was that now Frankie had the time to receive speech therapy – a luxury not possible without the pandemic delay. He worked regularly with the Cincinnati Shriners’ occupational and physical therapy department, improving the skills his disorder had prevented for most of his life.

Even the darkest days can offer a moment of light. In Frankie’s case, the COVID-19 travel ban allowed him to remain at the Cincinnati Shriners Hospital and fully benefit from its many life-changing services before returning home.
